The newest publication from the Tilt-Up Concrete Association is the second in a planned trilogy of resources covering the architecture, engineering and construction of Tilt-Up. Continuing the high quality with which *The Architecture of Tilt-Up* was printed and assembled, the new (10 1/2" x 10 1/2") book presents state-of-the art information and large colorful imagery of the construction process. Topics include: planning, slabs and foundations, panel layout and forming, reinforcement, inserts and embedded items, placing and finishing of the panels, lifting, setting and bracing of the panels, connections and finishing touches.
